Project No. 2079-069 - California  
Middle Fork American River Project  
Placer County Water Agency

Chief, Division of Endangered Species  
c/o Jeremiah Karuzas  
U.S. Fish and Wildlife Service  
2800 Cottage Way, Suite W-2606  
Sacramento, California 95825-1846

**Reference: Request for Information about Threatened and Endangered Species**

Dear Mr. Karuzas,

We are reviewing the effects of the relicensing of Placer County Water Agency's (PCWA) Middle Fork American River Project (project) No. 2079-069 on threatened or endangered species and their critical habitats.

As shown on the enclosed map, this project is located on the Middle Fork of the American and Rubicon rivers and Duncan and North and South Fork Long Canyon creeks in Placer County, California.

Please tell us if any of the following may be found in the project area:

- Federally listed threatened or endangered species
- Species proposed for listing as threatened or endangered
- Designated critical habitat
- Proposed critical habitat
- Candidate species

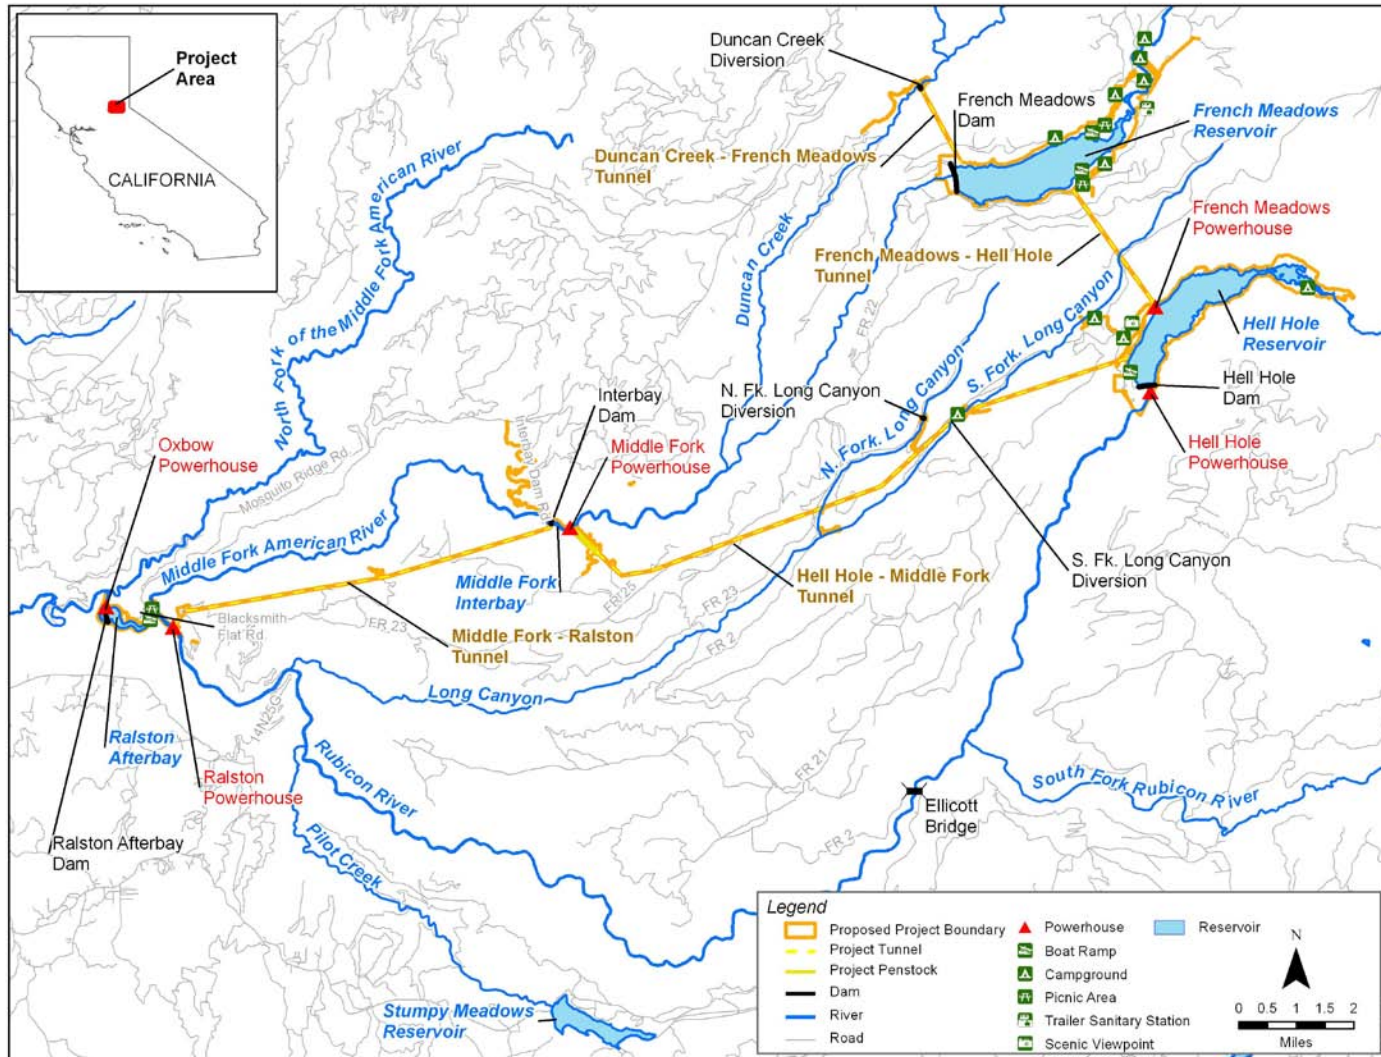

Please file your response (an original and eight copies) within 30 days with Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Please put the docket number, P-2079-069, on the first page of your response.

If you have any questions, please contact Carolyn Templeton at (202) 502 – 8785 or via email at [carolyn.templeton@ferc.gov](mailto:carolyn.templeton@ferc.gov).

Sincerely,

Timothy J. Welch, Chief  
West Branch  
Division of Hydropower Licensing
