Subject: MOTION TO INTERVENE of Sackheim Consulting  
Middle Fork American River Project, FERC Project No. 2079-069

Dear Ms. Bose:

In response to the Commission's notice dated June 7, 2011, and pursuant to Commission Rules as presented in 18 CFR, Section 385, I request that Sackheim Consulting be given intervener status with respect to Placer County Water Agency's (PCWA's) new major license application for the Middle Fork American River Project.

Pertinent information is as follows:

Type of Filing: MOTION TO INTERVENE

Project No: 2079 - Middle Fork American River Project  
Licensee – PCWA

Sackheim Consulting, a member company of the KC LLC, has a solid record of experience in permitting the modification and development of small hydropower projects. KW Sackheim Development holds preliminary permits P-13224 and P-13225 for the addition of small generators within the P-2266 and P-2310

project boundaries of Nevada Irrigation District and Pacific Gas and Electric Company (PG&E), respectively. A portion of the water dedicated to non-consumptive hydroelectric generation under these projects is subsequently allocated to PCWA for consumptive use.

It is in the public interest to ensure that consumptive and non-consumptive uses of all water shared by PCWA and other hydroelectric generators and water suppliers is considered when such opportunity exists within the designated timeframes of the FERC licensing and relicensing processes. For this reason, it is appropriate that the Commission grant Sackheim Consulting intervener status for Project 2079.

Sincerely,

Kelly W. Sackheim, Principal
