Re: Request to Expedite Study Plan Determination Process
Middle Fork American River Project (FERC Project No. 2079)

Dear Secretary Bose:

The Placer County Water Agency (PCWA) is requesting the Federal Energy Regulatory Commission (FERC or Commission) to expedite the Study Plan Determination Process for the Middle Fork American River Project (MFP or Project), FERC Project No. 2079. This request would require the FERC to waive the requirements specified in 18 CFR § 5.11 (Potential Applicant's Proposed Study Plan and Study Plan Meetings) and 18 CFR § 5.12 (Comments on Proposed Study Plan). This request is based on the fact that PCWA and the MFP stakeholders have already completed these phases of the relicensing process. Expediting the approval process would: (1) provide certainty in the scope of work for studies currently being implemented in 2008 by PCWA based on early stakeholder consensus, and (2) allow the relicensing participants to focus their efforts on completing the technical studies early in the process to provide sufficient time for PCWA and the stakeholders to fully evaluate Project effects and collaboratively develop new license conditions.

PCWA believes that the intent of the aforementioned regulations has already been met during early collaboration efforts completed as part of the MFP relicensing process. Specifically, PCWA and MFP stakeholders successfully collaborated on the development of 28 individual Technical Study Plans (TSPs) early in the relicensing process. The 28 stakeholder-approved TSPs were included in the Pre-Application Document (PAD, which was filed with FERC on December 13, 2007 and distributed to the stakeholders for review and comment. The stakeholders were provided a 120-day period to review and comment on the PAD (including the TSPs), ending on April 11, 2008. PCWA received seven comments from the stakeholders and a Request for Additional Information (RAI) from the FERC.

Resolution of Technical Study Plan Comments

The comments received on the PAD and TSPs resulted in only minor revisions to Supporting Document (SD) H - Proposed Technical Study Plans (introductory text only) and the AQ 1 - Instream Flow TSP. (see letter from PCWA to FERC electronically filed May 23, 2008). Comments on the TSPs were discussed and resolved at the 2007 Study Implementation Progress Report Meeting held on February 4, 2008 and at the MFP Plenary meeting held on May 5, 2008. Proposed revisions to SD H and the AQ 1 - Instream Flow TSP were provided to the MFP Plenary on April 30, 2008 for review and comment. The Plenary approved these revisions on May 5, 2008. PCWA filed the revised SD H - Proposed Technical Study Plans (introductory text only) and the AQ 1 - Instream Flow TSP with FERC on May 23, 2008 (see letter from PCWA to FERC electronically filed May 23, 2008).

Consultation Regarding Request to Expedite the Study Plan Determination Process

Prior to filing this request to expedite the Study Plan Determination Process, PCWA notified the MFP Plenary of the proposed request by email on April 30, 2008 for review and comment. The proposed request was discussed and approved by the Plenary at the May 5, 2008 meeting. As directed by the Plenary, PCWA sent an email on May 13, 2008 to Plenary members not present at the May 5, 2008 meetings to inform them of the request. A seven-day comment period was provided to the Plenary, which ended on May 20, 2008. No comments were received, therefore, the decision by the Plenary to approve the FERC request is deemed final.

PCWA believes this request to expedite the Study Plan Determination Process, if approved by FERC, would shorten the study plan process by approximately four months. This approach would allow relicensing participants to focus on completing the technical studies earlier in the process and provide additional time for PCWA and the stakeholders to fully evaluate Project effects and collaboratively develop new license conditions. Attachment A provides a revised Relicensing Process Schedule for the MFP assuming FERC approval of this request. If approved by FERC, this revised schedule would replace Table SD A-1 Proposed Relicensing Process Schedule filed in Supporting Document A - Relicensing Process Plan of the PAD.

If you have any questions, please feel free to call me at (530) 823-4889.

Sincerely,
PLACER COUNTY WATER AGENCY

A handwritten signature in black ink that reads "Mal Toy". The signature is written in a cursive style with a long horizontal stroke above the "y".
