Project No. 2079-061
Project No. 2479-010

NOTICE OF INTENT TO HOLD 2-DAY SITE VISIT

(May 22, 2008)

On February 11, 2008, the Federal Energy Regulatory Commission issued a “Scoping of Environmental Issues for New Licenses for the Middle Fork American River Project and the French Meadows Transmission Line Project” document. The document stated that due to the fact that most of the project sites would not be accessible in March, the site visit for the projects would take place on June 25, 2008.

Due to the vast geographic scope of the projects, we have decided that a 2-day site visit will allow for more of the project facilities to be viewed. Therefore, the site visit will take place on June 25 and 26, 2008. Participants should meet at the Placer County Water Agency (PCWA) Business Center located at 144 Ferguson Road, Auburn, California at 8:00 AM each day.

Anyone interested in attending the site visit should contact Mal Toy, Project Engineer for PCWA, at (530) 823-4889 or Forrest Sullivan, Senior Project Manager for Pacific Gas & Electric Company at (916) 386-5580 on or before June 11, 2008. PCWA will provide transportation.

Kimberly D. Bose,
Secretary.
