SUBJECT: Final Historic Properties Management Plan for Placer County Water Agency's Middle Fork American River Project (FERC Project No. 2079-069)

Dear Secretary Bose:

Placer County Water Agency (PCWA), the existing licensee for the Middle Fork American River Project (MFP or Project), hereby files with the Federal Energy Regulatory Commission (FERC or Commission) the enclosed Final Historic Properties Management Plan (HPMP). The Final HPMP incorporates revisions directed by FERC in a letter dated August 23, 2012. The enclosed Final HPMP replaces all previous versions of the HPMP, including the Draft Final HPMP included with PCWA's November 30, 2011 Supplemental Filing.

Utilizing FERC's eFiling system, PCWA eFiled the Final HPMP under the "Privileged" security tab and the file is clearly marked "CONTAINS PRIVILEGED INFORMATION – DO NOT RELEASE". The Final HPMP contains information that provides details on the location(s) of sensitive cultural resources and qualifies as privileged information under 36 CFR § 800.11(c)(1). Disclosure of this information could be harmful to these resources; therefore, PCWA requests privileged treatment of the Final HPMP.

Copies of the Final HPMP (1 paper copy and 1 electronic copy) have also been mailed via courier service (concurrent with this filing) to FERC's Office of Energy Projects, FERC's Office of General Counsel-Energy Projects, and upon each person designated on the attached distribution list (Attachment 1). The Certificate of Service is provided in Attachment 2.

In its August 23, 2012 letter, FERC requested that PCWA revise the HPMP “in consultation with the National Forests, participating Indian tribes, and the California State Historic Preservation Office (SHPO).” Copies of the transmittal letters to the aforementioned parties requesting comments on the Final HPMP are provided in Attachment 3. The transmittal letters request the consulting parties to submit any comments on the Final HPMP to FERC and PCWA within 30 days from the date of the letter. In the transmittal letter to SHPO, PCWA has also formally requested SHPO to provide their concurrence with the Final HPMP. All correspondence with SHPO will immediately be provided to FERC upon receipt.

If you have any questions regarding this filing, please contact me at (530) 823-4889 or by e-mail at afecko@pcwa.net.

Sincerely,

Andrew Fecko
