Who We Are

Name	Role	Email	Phone	Location
Eric Haney	ISB Manager	ehaney@dfg.ca.gov	530-225-2052	Redding
Clint 'Buck' Kellar	Research Analyst II	ckellar@dfg.ca.gov	530-225-2045	Redding
Doug Burch	Programmer II	dburch@dfg.ca.gov	530-225-2279	Redding
Linda Miller	Research Analyst I	lmiller@dfg.ca.gov	707-441-2091	Eureka
Connie Shannon	Sr. Fisheries Data Tech.	cshannon@dfg.ca.gov	530-225-2155	Redding
Tom Christy	GIS Data Tech.	tchristy@dfg.ca.gov	530-225-3218	Redding
Robin Mackey	Scientific Aide	rmackey@dfg.ca.gov	530-225-2138	Redding

What We Do

Our Mission: To provide NCNCR with leadership, innovation, and support for the effective integration of data and information into its natural resource management efforts, while maintaining a professional, supportive, and friendly work environment.

We provide the following services and functions for the Northern California - North Coast Region of the California Department of Fish and Game

- GIS Support
- Application/Database Development
- Coordination
- Education and Training
- Web/Intranet Support
- TechnicalSupport

PCWA-L-116

GIS Support

- Assistance with Data
 - Locating and distributing data *
 - GIS Data Library *
- Maps and Images
 - Large and small format maps
 - Presentation-quality images
 - Document-quality images
- Analysis
 - Assistance with effective study design
 - Complex analysis
 - Development of tools for routine analysis
- Technical Support
 - Standard GIS support (Question/Answer)
 - Development of tools to assist with routine tasks
 - Development of tools to address specific questions/analysis
 - GIS Jumpstart (work with staff to obtain data and tools for specific projects)
- Standards
 - Data standards
 - Metadata standards
 - Input to HQ hardware and software standards
- GIS Web Page *
 - Tools (ArcView extensions, utilities) *
 - Web-based GIS applications *
 - Web-based database applications *
 - Data accessibility *

Application/Database Development

- Custom database applications *
- Metadata database *

- Providing input to other efforts
- Assistance for other non-spatial database development

Coordination

- Regional Coordination
 - Specific Tasks (e.g. development of resource recommendations)
 - General Regional Coordination
 - Facilitation
- Coordination with HQ
 - ITB GIS
 - WHDAB
 - NAFWB
- Coordination Outside CDFG
 - State and Federal Agencies
 - BLM
 - CDF
 - DWR
 - NMFS
 - USFS
 - USFWS
 - Local Governments
 - Counties and Cities falling within NCNCR boundaries
 - Local Groups
 - Watershed Groups
 - GIS User Groups

Education and Training

- Use of applications developed by ISB
- Seminars (e.g. projections, metadata, GIS Data Library, etc.)
- Specific or custom ArcView training
- GPS Training

Web/Intranet Support

- Assistance with web-page development *
- Development of a framework for data sharing *

Technical Support

- GIS and Database-related Hardware and software troubleshooting
- Replacement / Upgrade recommendations
- Input to Regional procedures

* - Focus on internet/intranet
