RE: FERC Project No. 2079
Middle Fork American River Project
Order Approving As-Built Exhibit L Drawings
Ralston Powerhouse Floodwall & Middle Fork Powerhouse Stoplog Hoists

Dear Mr. Yamashita:

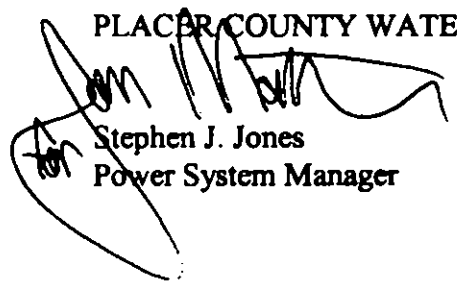

This letter is in response to the Order Approving As-Built Exhibit L Drawings, issued August 23, 2004. The Order requires that Placer County Water Agency issue new drawing numbers for three as-built Exhibit L drawings, L-24, L-26, and L-32. The revised drawing numbers are 2079-389, 2079-390, and 2079-391, which supercede 2079-343, 2079-345, and 2079-351, respectively. We are also requested to provide electronic copies of these drawings in the specified TIFF format.

Please find the enclosed CD, which contains the subject drawings. We are also submitting two copies of the CD to the Secretary of the Commission, attn: OEP/DHAC.

Please call Jon Mattson or me at (530)885-6917, if you have any questions.

Sincerely,

PLACER COUNTY WATER AGENCY

Stephen J. Jones
Power System Manager
