Re: FERC Review of June 2003 L.L. Anderson PMF Study by Mead & Hunt,
and the Corps of Engineers 2001 PMF Study – LL Anderson Dam
Middle Fork American River Project, FERC Project #2079

Dear Mr. Yamashita:

We received your letter dated March 31, 2005, indicating your review of the subject studies was complete. The letter also requests that we provide a plan and schedule by April 15, 2005, to address several issues described in the letter regarding the 2003 Mead & Hunt PMF Study.

In order to respond to your letter, we have questions about your requests that may be best handled in a conference call or meeting. However, due to the near-term commitments and availability of both PCWA and FERC people involved in this project, we would like to request that the deadline for our response letter be postponed until April 29, 2005.

If you have any questions, please call Jon Mattson or me at (530) 885-6917.

Sincerely,

PLACER COUNTY WATER AGENCY

Stephen J. Jones
Power System Manager
