Re: FERC Project No. 2079-CA, Middle Fork American River Project

Dear Mr. Yamashita:

We would like to include as part of the Supporting Technical Information (STI) reports for the French Meadows and Hell Hole developments of the Middle Fork Project a copy of the most recent FERC Annual Operation Report. We have copies of each of the reports that were submitted each year by the FERC Civil Engineer who inspected project works in years 2000 - 2004. For the STI reports that are being developed for the Five-Year safety inspection and report of the French Meadows and Hell Hole developments due by November 1, 2006, we would like to include the 2005 Operation Report. Please send us both an electronic copy and a hard (paper) copy of this year's Operation Report.

If you have any questions, please call me at (530) 885-6917 or (530) 367-2291.

Sincerely,

PLACER COUNTY WATER AGENCY
