Subject: Placer County Water Agency's Supplemental Filing for the Middle Fork American River Project (FERC Project No. 2079-069)

Dear Secretary Bose:

Placer County Water Agency (PCWA), the existing licensee for the Middle Fork American River Project (MFP or Project), hereby files with the Federal Energy Regulatory Commission (FERC or Commission) this Supplemental Filing for the MFP utilizing FERC's eFiling system. The Supplemental Filing will be promptly eServed to all parties included on the distribution list (Attachment 1) following receipt of FERC's 'Acceptance for Filing' e-mail. A copy of the Certificate of Service is provided in Attachment 2.

The Supplemental Filing includes a description and analysis of an alternative (Alternative 1) to the Proposed Action included in PCWA's Application for New License (also referred to as the Final License Application [FLA]) for the MFP which was filed on February 23, 2011. The No-Action Alternative and PCWA's Proposed Action described and analyzed in the FLA remain unchanged. Alternative 1 was developed after submittal of the FLA and incorporates: (1) revised instream flow and reservoir minimum pool requirements and additional recreation enhancements included in the resource agencies preliminary conditions and recommendations; and (2) revised management plans that PCWA and the MFP stakeholders reached consensus on in November 2011. The objective of this filing is to augment information currently available to FERC for consideration in its National Environmental Policy Act (NEPA) analysis. This additional information will facilitate a more robust and inclusive NEPA analysis by FERC.

The Supplemental Filing is comprised of three volumes, including public, confidential, and privileged information. Attached to this transmittal letter is an outline of the material contained in each volume (Attachment 3).

Volume 1 contains the environmental analysis and associated appendices and attachments (public information). Key components of Volume 1 include a description of Alternative 1; environmental, cumulative, and economic impact analysis; consultation documentation; technical appendices and technical study reports; and revised management plans. Volume 1 was eFiled under the "Public" security tab.

Volume 2 contains information that provides details on the location(s) of special-status biological resources and qualifies as confidential information under 18 CFR § 385.1112. Disclosure of this information could be harmful to these resources; therefore, PCWA requests confidential treatment of Volume 2. Volume 2 was eFiled under the "Privileged" security tab and each file is clearly marked "CONTAINS CONFIDENTIAL INFORMATION – DO NOT RELEASE".

Volume 3 contains information that provides details on the location(s) of sensitive cultural resources and qualifies as privileged information under 36 CFR § 800.11(c)(1). Disclosure of this information could be harmful to these resources; therefore, PCWA requests privileged treatment of Volume 3. Volume 3 was eFiled under the "Privileged" security tab and each file is clearly marked "CONTAINS PRIVILEGED INFORMATION – DO NOT RELEASE".

Following receipt of FERC's 'Acceptance for Filing' e-mail, PCWA will promptly forward the e-mail to all parties on the distribution list (eService). The e-mail includes a link to the public portions of the Supplemental Filing which are located in FERC's eLibrary (<http://www.ferc.gov/docs-filing/elibrary.asp>). Certain parties on the distribution list that have not provided an e-mail address to PCWA will receive electronic copies of the public information sections of the Supplemental Filing via courier service. At this time, the FERC eFiling system does not allow confidential and privileged information to be served electronically. Therefore, PCWA will provide those entities with jurisdiction over sensitive biological and cultural resources copies of the information contained in Volumes 2 and 3 via courier service.

An electronic version of the Supplemental Filing, excluding confidential and privileged information, is also available on the MFP Relicensing website at <http://relicensing.pcwa.net/> and paper copies are available at the PCWA Business Center, 144 Ferguson Road, Auburn, California. Any interested party may request an electronic copy of Volume 1 (public information) by contacting Beverly Bell, PCWA Administrative Aide at (530) 823-4973 or by e-mail at bbell@pcwa.net.
